Dear Ms. Dortch:

Pursuant to Section 1.1206 of the Commission's rules, 47 C.F.R. § 1.1206, Sprint Nextel Corporation ("Sprint") submits this letter summarizing a meeting on December 3, 2012, between Stephen Bye, Chief Technology Officer and Senior Vice President of Technology Development and Strategy of Sprint, and John Leibovitz, Deputy Bureau Chief of the Wireless Telecommunications Bureau.

During the meeting, Mr. Bye reaffirmed Sprint's positions already included in the record of the above-captioned proceedings. Mr. Bye reiterated that Sprint remains supportive of DISH's request that the Commission reallocate the S-Band from the Mobile Satellite Service, with only ancillary terrestrial service permitted, to a fully terrestrial mobile broadband service, provided that Sprint's two major concerns are not adversely affected: (1) that there be no diminution or weakening of the PCS G Block interference protections established in the 3rd Generation Partnership Project ("3GPP") TS 36.101 and the Commission's rules; and (2) that the Commission makes the H Block fully useful for wireless broadband communications and auctions it expeditiously.
